Baili Baby Portable Bidet

Fresh & Pure, On the Go

Your Dedicated Portable Bidet. Zero Power,
Ultra-weight, Total Cleansing.

Every day, what do we pay for 'wiping'?

The hidden costs of toilet paper

Global daily
consumption:
250 million rolls

Daily logging:
500,000 trees

Carbon emissions:
126,000 tons

Electricity consumed:
1.125 billion kW

A new green choice — Using a bidet can reduce 70% of toilet paper usage, helping to achieve environmental protection and carbon reduction.

Washing Beats Wiping: Decoding Skin's Cleansing Needs

Dry Wiping (Wipe) ✘

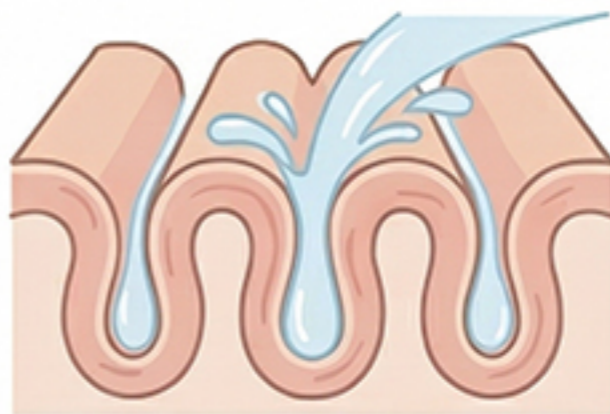

Umbrella-shaped Skin Folds

Leaves stool and residue, causing infection and irritation.

Repeated friction leads to pain, discomfort, and bleeding.

Washing (Wash) 💧

Deep Crevice Cleansing

Removes dirt from crevices, keeping skin refreshed.

Zero friction, zero irritation, protects sensitive skin.

Get to Know Your Portable Bidet

Patent-Innovated Structure, Upending Traditional Design

Pressurized Pump (Manual)

No batteries required. Manual pumping creates a powerful, stable water jet.

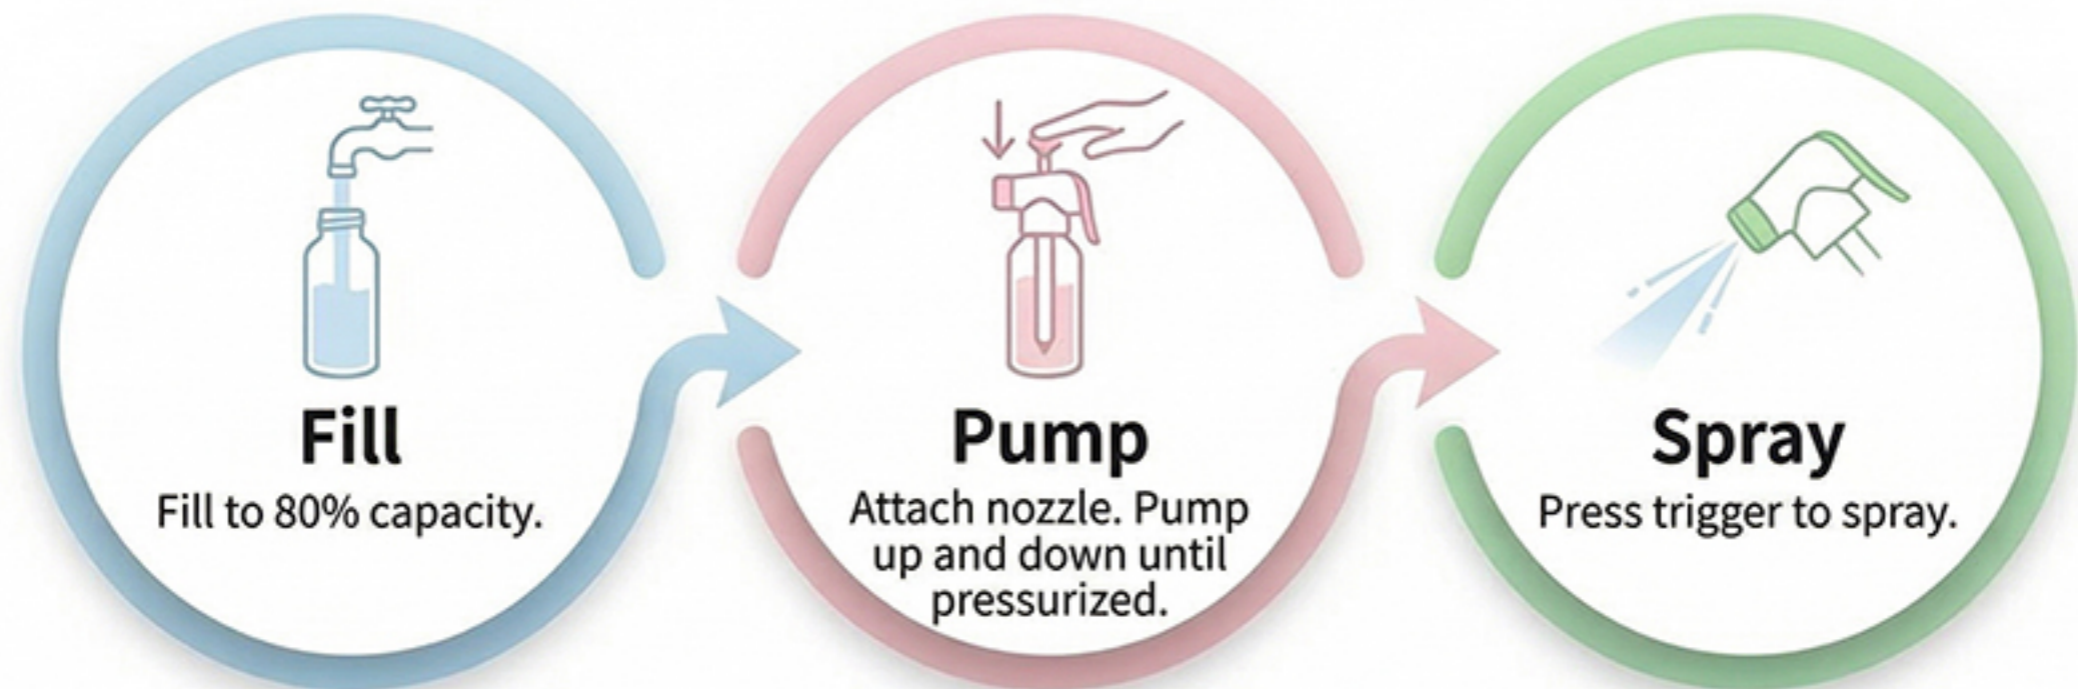

360° Flexible Tube & Gravity Ball

Breaks through angle limits for smooth spraying in any orientation (upright or inverted).

Taiwan R&D Patent

Structural Patent Certified (No. M445464), sturdy and durable.

Simple Three Steps, Enjoy Cleanliness Anytime

Tip: If water stream weakens, pump again to restore full flow.

Ideal For: Gentle Care for Every Inch of Skin

Babies

Babies have sensitive skin and thick, sticky stools. Washing avoids redness caused by tissue friction, providing a more thorough clean.

Hemorrhoid Patients

Avoid bleeding complications from repeated friction with toilet paper, providing deep cleansing to prevent infection.

Women's Care

Solve discharge or odor issues before and after menstrual periods, keeping the intimate area fresh anytime.

Bedridden / Post-op Patients

Easily perform cleansing even while lying in bed, a blessing for long-term care.

Outdoor Travel Companion: Cleanliness Follows You

Travel (Away from Home)

Acts as your personal bidet in areas with poor hygiene. Perfect for hand-washing on the go to ensure a clean journey.

Outdoors & Camping (Wilderness)

Convenient for body washing, cleaning outdoor gear, or tidying up your environment. Enjoy an effortless outdoor experience.
