

O-Clean

Ozone Machine

Specification

O-Clean

Ozone machine

Color: White

Material: ABS

Output Voltage : DC15V

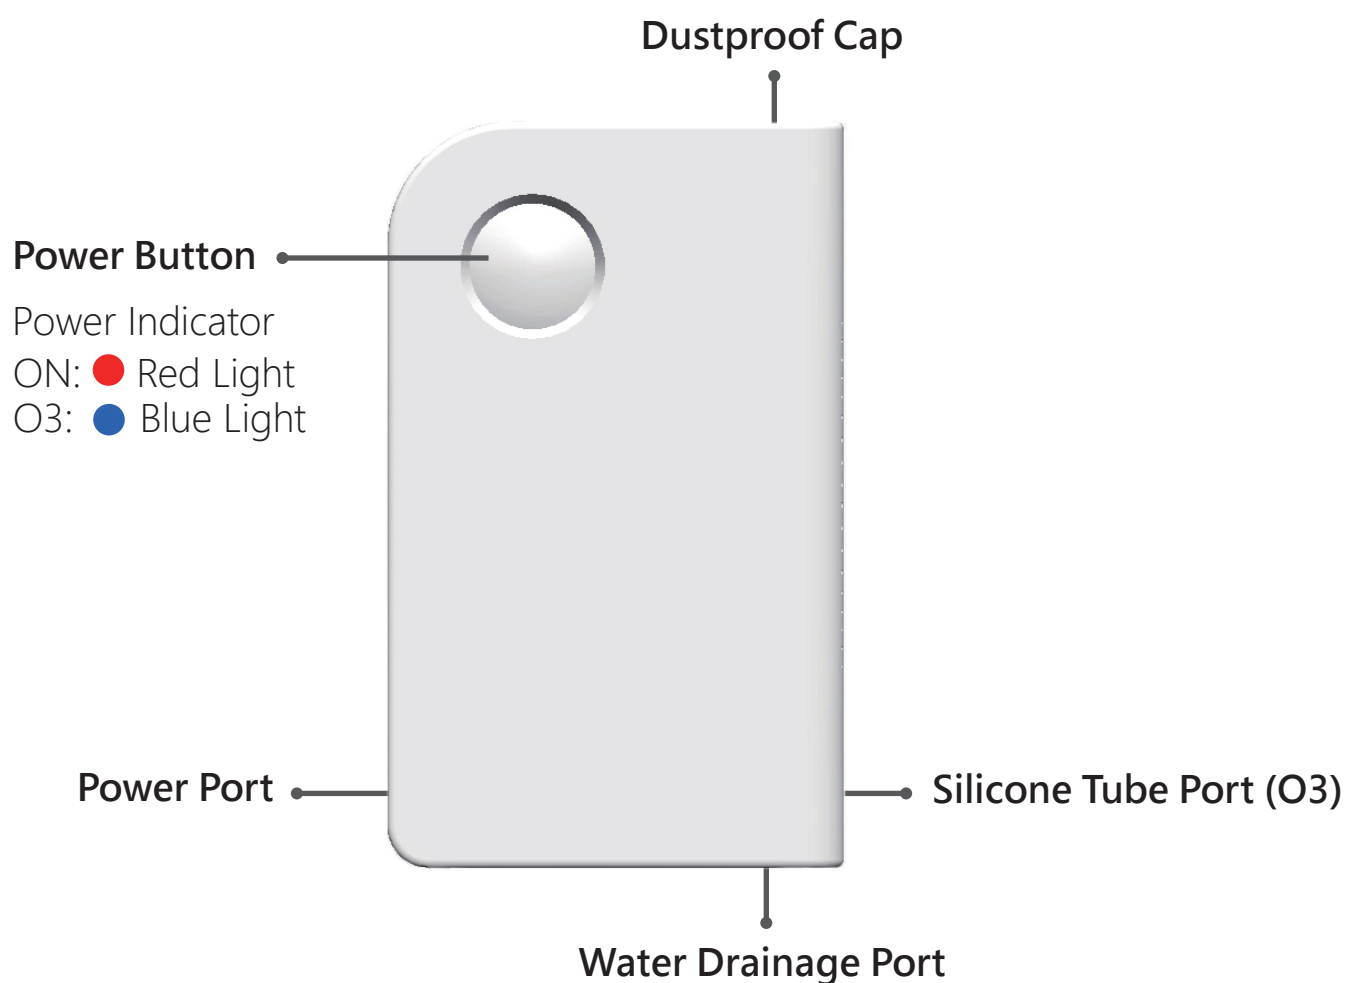

Input Voltage : 100-240V / 50-60Hz

Power Consumption: 4.5W (max)

Ozone Output: Adjustable 100 - 400 mg/hr

Size: 180 (L) x 110 (W) x 40 (H) mm

Function: It has 4 levels that can be switched the ozone concentration.

Specification

Advantages

- ◆ Prevent mold and foul odor buildup in sink drains.
- ◆ Repel roaches-mop the floor and wipe tables with ozonied water.
- ◆ Fight mildew in the bathroom.
- ◆ Personal hygiene-washing face, brushing teeth, washing clothes.
- ◆ Wash kitchen rags to stop bacteria growth and remove odors.
- ◆ Bathing pets.

Specification

- ◆ No filters to replace.
- ◆ Concealable in a cabinet to keep your kitchen clutter-free.
- ◆ Small and easy to carry.
- ◆ Meets international power specifications (100V~240V).
- ◆ Always on design provides instant ozone whenever needed.
- ◆ Low power usage (4.5 max)
- ◆ Water and electricity are kept separate.
- ◆ Patented to ensure steady flow of ozone and smooth ozone-water mixture.

Specification

Ozone can destroy the chemical breakdown of bacteria to remove bacteria from the fruits and vegetables.

Ozone's bacteria-killing ability is 3000 times stronger than chlorine.
