

ERDEN Pet Ozone Water Bath Create a Medical-Grade Hydrotherapy SPA at Home

Farewell to chemical detergents.
Use "Pure Ozone Water" to awaken your pet's
healthy skin texture and fluffy fur.

"Traditional chemical baths might be the root of your pet's skin problems. What you need is a purer, physical purification."

"Nature's strongest purification agent, leave only pure oxygen, leave no chemical residue."

**Four Major Revolutionary Effects, Comprehensively
Enhancing the Quality of Life for Humans and Pets.**

<p>Ultimate Odor Removal Decomposes from the root rather than masking with fragrance, leaving odors nowhere to hide.</p>	<p>Allergy Relief & Soothing Eliminates surface bacteria and mold, goodbye to endless itching and redness.</p>
<p>Fluffy & Voluminous Fur Does not affect fur color, naturally fluffy, flustered, fresh and no-sticky for days.</p>	<p>Environmental Disinfection Wherever bathing water flows, it simultaneously purifies drain holes and bathrooms.</p>

"Double validation by the international veterinary community and SGS, with germicidal power equivalent to bleach, yet gentle and non-irritating."

99% Germs Killed SGS certified superior germicidal power

+50% Wound Healing Clinical proof: Ozone water accelerates wound healing in dogs and cats by up to 50%

0 Zero Damage Veterinary clinical studies prove it does not damage dog or cat skin barrier (TEWL/SSH values remain stable), and does not inhibit keratinocyte proliferation

"Firmly lock the purifying power in the water, giving your pets and you the absolute safety promise."

Myth: Does ozone irritate the respiratory tract?

High-Concentration Air Ozone

Fact:

It is high-concentration air ozone that irritates the respiratory tract.

The Ozone Water Pet Bath Kit perfectly dissolves ozone into the water, dramatically reducing its emission into the air.

SGS SGS testing proves that environmental ozone emission concentration is <0.01ppm, far below the international safety standard (0.03ppm), ensuring absolute safety for both humans and pets.

Westie to Skin Rebre Paith.

Before (Period of Despair)
Ozone Water (3 Months After)
